

# Laserforce

The ultimate in laser-tag technology!

## Exclusive Use Information Pamphlet

### Who is it for?

Very popular for corporate functions, church groups, fund raising or any large group

### What is the cost?

The cost is \$300/hr with a minimum of four hours (\$1,200).

There are no limits on numbers, so the more people you bring, the cheaper it gets for everyone! It is most economical when the group exceeds 60 people.

Also, for an extra \$240 you can get unlimited video game credits for the night!

### What do we get?

You and your group get the Laserforce centre all to yourselves – no interruptions!

The price is inclusive of all your games and membership for each person in your group

which means next time they come in, it is cheaper because they are members!

With prior arrangement you may bring in caterers and we also allow BYO alcohol.

### When can we do this?

After 7pm on Fridays, Saturdays and Sundays. And also weekdays during the school term (except Fridays and public holidays).

### What do we need to do?

All you need to do is make a booking (1-2 months in advance is recommended) and send in a \$200 deposit at least one month beforehand to confirm your reservation!

### Details:
